CTCN's board of directors will consist of individuals appointed by the organizations founders. Our founders serve on the organization's board of directors. Board directors and members are expected to show a passion and commitment toward helping the company achieve its mission. The board of directors is the governing body that sets and enforces the rules and regulations of our organization. Our board must make sure that the organization complies with all legal and tax requirements.

### **OFFICERS** (5 years)

Devon Price, Derrick Price

Officers of CTCN consist of positions, such as executive director or president, secretary, treasurer and vice-president. The officers of our organization are selected by the board of directors. A board member of CTCN may also serve as an officer. Officers are required to manage the organization's staff to carry out the decisions made by the board of directors. Officers are responsible for managing daily activities of the organization.

### **COMMITTEES** (3 years)

James Price, Charonda Price

CTCN's Committee is a big part of the structure of our Organization. We formed a committee to handle budget, fundraising and operational concerns. In addition, we may later form committees for public relations and marketing, as well as for the purpose of implementing programs that promote t our mission. All of our committees will have at least one board member, but two board members is an ideal number. Other spots on a committee may be held by our organization's officers and staff members.
